

Frank J. Addivinola, Jr. ALM '96

Frank Addivinola graduated from Williams College majoring in Biology. He earned his ALM from the Harvard Extension School, MBA and MS from the University of Maryland, and MS in Biotechnology from Johns Hopkins University.

For six years, Frank worked and taught in biomedical research as a doctoral candidate and fellow in Molecular and Cell Biology with dissertation advisor Nobel laureate Marshall Nirenberg at the National Institutes of Health in Bethesda, Maryland. He graduated from Suffolk University Law School where he received his JD and then Master of Laws in Biomedicine and Health Law. Frank is currently a doctoral candidate in the Law and Public Policy program at Northeastern University.

Frank has extensive teaching experience at undergraduate and graduate level which includes law and public policy, life sciences and medical ethics. Since graduating from Williams, and continuously during his career, Frank owned and operated several businesses. Frank resides in Boston with his wife Angelica and their son Frank. He owns an educational publishing company.

Frank has an extensive record of public service. He received an outstanding volunteer award from the Dana Farber Cancer Institute. He volunteered as a career counselor for high school and college students and has been active in local community organizations. Frank has volunteered in local courts and provided pro bono legal services to individuals in need of legal representation.

Frank is very active in many civic organizations, which include: Dante Alighieri Society of Mass. (President), Northeastern University Student Association for Law and Public Policy (Former President), OSIA Renaissance Lodge (Director), Italian Heritage Month (Director), Freedoms Foundation (Director) and Harvard Club of Andover (Applicant interview committee).

Frank will bring his non-profit, legal and leadership experience to the HEAA Board. His track record of collaborative work to develop, interpret and manage governance issues for advancement of other organizations' missions and objectives will benefit the Governance Committee of the HEAA.
