

A. Glen Kewley CSS '90

I am a 1990 graduate of HES earning the Certificate of Special Studies in Management.

My goal as Vice President of the HEAA is to be an ambassador of HES and the Harvard community at large and promote the growth and awareness of the HEAA through awareness of the organization, outreach to the alumni body, and the programs and activities initiated by HEAA.

My qualifications for the role are as follows.

I have served as Secretary for the HEAA Board for the past two years and I am excited about furthering my work to promote and grow the organization by working with my fellow Board members and related staff at HES and HAA. I feel it is important to maintain visibility and a positive image within the Harvard community and the public at large. My accomplishments in my current role as Secretary consist of the timely documentation of meetings and distribution of documents, the consolidation of HEAA records from multiple sites into one repository and organizing the documents while doing so. This work provided an opportunity to become familiar with the organization and build contacts within the Harvard community.

More recently, I was one of four members of the Governance Committee to revise the HEAA Constitution and By-Laws. The documents were approved by an overwhelming majority of alumni in March 2017.

I feel my professional experience as a commercial lender and business development officer for several large financial institutions has provided me with the ability to work with individuals on many levels and will be an asset to the role of Vice President. My involvement as a former Overseer of Boys and Girls Clubs of Boston, Board of Directors for Community Rowing, past President of the New Orleans chapter of the University of Texas Alumni Association, former Membership Coordinator for Business Networking International have provided me with a solid background to represent the HEAA.
